

Two Scientific Tests Underpinning a Treatise on Peace

R042-at-5 hours

Change lives for the better. There are two scientific tests that any person can run that will bring “unity for all.” This means increased happiness or joy for yourself and greater sense of community for every group of which you are a part.

The first test is this. Prove Natural Law that any experience of yours that contains one or more [primary values that satisfy innate needs](#) and does not go against any other primary value makes you feel good. And if an experience of yours goes against any primary value, you will feel bad, even if other primary values are present.

The second test is this. Prove that the [practice](#) of praying before a work, ministry, or family meeting brings miracles. Only the power of the Spirit brings miracles.

In order to keep the prayer meeting, or practice, separate from the regular meeting, hold the practice with a subset of your group ½ hour before any regular work, ministry, or family meeting. Not everyone need come, just at least two who pray in deeper devotion and do a scripture or other formation discussion in the optional meeting. Then you will see if your regular meeting has increased docility, and obedience, and an increased harmony among all in your meeting.

Some of us are doing this. Won't you join all of us who seek peace on earth?

A Treatise on Peace Outline

1. All men are born equal under God.
2. From birth man has free will to choose,

God or not God.

3. Peace cannot be accomplished unless Natural Law is invoked for all.
4. Every action that thwarts innate needs goes against Natural Law. The primary values that support Natural Law are: doing that which is truly in the best interests of others, attaining goals or other ends not recognized as goals but which become goals once experienced, and operating in an area of meaningful expansion for yourself, that is, your interiorly preferred work.
5. Society forms for the common good of peace and the rule of law based on individual freedom granted from God.
6. A governor of society has the same freedom as the individual, with this exception. He cannot make unjust laws. An unjust law goes against primary values.
7. World society is the same. No governor of world society can make unjust laws.
8. No society has a right to create laws that go against Natural Law primary values.
9. Cooperation between the good citizen and the good society leads to peace thru laws that support Natural Law primary values.
10. Whole segments of society will rise in justice and whole segments of society will fall in injustice.
11. Having faith in all those around you, who cause you to suffer, draws them to the righteousness of God within you. Seeing God within others, draws others to God within you.
12. The dual experience of suffering when put upon, and making external acts of kindness staying committed to being with the one in authority over you, wrongfully causing the suffering, brings peace.
13. We are sure that we live in union with God and that he lives in union with us, because he has given us miracles.
14. A domain always begins with an

individual who thwarts or supports innate needs. The individual who wishes to satisfy innate needs may change domain by domain from ways that thwart innate needs to more loving ways that permit themselves and others to satisfy innate needs.

15. For those who are put upon, we will know we have suffered enough when we suffer no more. Such a holy one emanates God's justice first to those closest to him for example his family, then to every group of which he is a part. Those who try to thwart such a suffering little one will be ruined. The power of good is greater than the power of evil.

16. In this way good [domains](#) will grow and overtake the domains of evil throughout the world.

17. In [Non-cooperation, non-violence](#) you will experience a peaceful means to accelerate the process of awareness and change. You will experience Miracles, first hand. You will grow into holy nothingness.

18. God does the healing until all are in unity.

Loquate *builds an interdependence that is based on the Spirit. It is a charitable center for peace that uses technology for intentional community building. Its core competence is community building around functional domains of good. Loquate's Smart® technology defines primary values that satisfy innate needs. Its process uniquely relies only on changing oneself, and can be replicated elsewhere to build community. Major charitable support comes from those who believe in its work in "unity for all."*

A Work Meets Faith small group *uses Loquate's Smart® technology to bring happiness or joy to its members, and sense of community to every group of which they are a part. Designated as a work, family, or any group resource, its members make a deeper*

commitment to one another, to trust one another, to build an interdependence that is based on the Spirit. As we satisfy innate needs, the Spirit gently works within each of us to help us build out our functional domains of good.

And the greatest happiness or joy occurs in families, work places, villages, cities, towns and even nations, that uphold the innate needs of all based on God's Natural Law!

The word God and "That which you value the most for the common good" are used interchangeably in our resources.

Work Meets Faith Smart® small group

Does your faith influence your work? Have you ever wondered: 'Is this the work God wants me to do?' In our Work Meets Faith small group, we believe that God speaks to us thru our interiorly preferred work. By prayer, encouragement and community learn how you can use your faith to influence your work - and to overcome the challenges and obstacles that we all face in our jobs. Not with advice, but with helpful relevant resolution stories. In discovering your interiorly preferred work, your life will become more fulfilled so, in return, you can humbly and gratefully offer it as a gift back to God. Resulting in a deep faith to ask Him to bless you with more of that work. Fulfilling God's natural law of love, you will bring peace to the world.

Everyone works in some sense (volunteer, retired, stay at home, or for pay).

Low Time Meets 2 hours/month, but not in July, August, or December.

Try **the practice 30 minutes** before our meeting.

Open Enrollment. All are welcomed. This is an intentional Smart® small group designed to satisfy innate needs. Open to all!
