

# Welcome to Loquate

R010-ed-7 hours

Loquate's vigor is unity for all -- in, through and by Natural Law -- not religious teaching.

Loquate's **Smart®** process offers **Scientific Momentum Activating Righteous Transformation** through Natural Law. The science states innate needs are satisfied by primary values. The innate needs of human kind may be the greatest discovery in Natural Law in this century. Like sailors eating limes to prevent scurvy, Smart® habits overcome the scurvy of the human spirit which is diminished motivation and well-being. Interfaith Smart® group members build community in every group of which they are a part, and individually tend toward peace, happiness, and joy.

Loquate is comprehensive in this sense. It integrates religious beliefs about Spirit-centered community in unity for all mankind as Biblically or Scripturally possible, nothing more.

**By Spirit, we mean a caring presence that exists outside of ourself. The words "That which you value the most for the common good," Spirit, and God are used interchangeably in our resources.**

*"Family isn't always blood, it's the people in your life who want you in theirs: the ones who accept you for who you are, the ones who would do anything to see you smile and who love you no matter what."*

*Maya Angelou. Oct 13, 2014*

Loquate Resource R107-am-Family

## You remember how a person makes you feel.

In 1977 Jeff Liautaud founder of Loquate discovered primary values. If one or more of the primary values is present in an experience, and the experience does not go against any of the other primary values, you will feel good. If the experience goes against one or more of the primary values, you will feel bad, even if other primary values are present. Primary values converge in Smart® Ambassadors of Community who "would do anything to make you smile."

## They are the ones who empower you to satisfy your innate needs.

In 2017, 14,168 Academic Research articles [cited](#) Deci and Ryan. That number has exploded to over half a million research articles in 5 years.

Their science states: Innate needs when satisfied yield enhanced self-motivation and mental health and when thwarted lead to diminished motivation and well-being.

**Ryan finds "Remarkable Convergence"** with Loquate's primary values and innate needs.

## The innate needs of every human person are:

The innate need of *Relatedness* is satisfied by the primary value of - **Doing that which is truly in the best interests of others.**

The innate need of *Competence* is satisfied by the primary value of - **Attaining goals or other ends, not necessarily preconceived as goals, but which become goals once experienced.**

The innate need of *Autonomy* is satisfied by the primary value of - **Operating in an area of meaningful expansion for yourself, that is your interiorly preferred work.**

## Those ones are called Smart® Ambassadors of Community.
