

## Loquate's Smart® protocol is safe.

By Jeff Liautaud

R077-ae

Loquate's vigor is unity for all -- in, through and by Natural Law -- not religious teaching.

Loquate's small group program offers **Scientific Momentum Activating Righteous Transformation** through Natural Law. The science states innate needs are satisfied by primary values. The innate needs of human kind may be the greatest discovery in Natural Law ever. Like sailors eating limes to prevent scurvy, Smart® habits overcome the scurvy of the human spirit which is diminished motivation and well-being. Interfaith small group members build community in every group of which they are a part, and individually tend toward happiness or joy.

Loquate is comprehensive in this sense. It integrates religious beliefs about community in unity for all mankind as Biblically or Scripturally possible, nothing more.

Loquate's small group program seeks to create a safe sharing environment by using a Smart® protocol. The core of the Smart® protocol is a basic suggestion.

Each of us has feelings that tell us if we are on target or off target as a human being. We have three types of feelings: 1) those feelings that we know we should share, 2) those feelings that we know we should not share, and 3) those feelings in which we are in doubt to share them or not.

Those feelings I know I should share, I share. Those feelings I know I should not share, I do not share. And when in doubt I tend toward sharing. I find helpful the basic suggestion of sharing when in doubt because it can lead to growth at my own pace.

For me, joining the Loquate small group is a heart thing. Fear can keep me out of community. Where my work meets my faith is a heart thing.

Interfaith Dialogue creates safe sharing. First comes unity, then comes community. Interdependence based on the Spirit builds God centered community.

When I have faith in those around me, then hearing their shared experience helps me build out my functional domains of good.

A domain emanates forth from within and defines an outward manifestation of a spiritual reality. Every small group receives its own unique name based on an outreach to help others, usually suggested by the first facilitator of the small group. For example "Precious Blood," or "Blessing the Homeless."

Loquate has been my work for over 50 years creating the safest sharing environments. I am not silent about my passion projects. Nor should others be silent. We need to share to get others to join us. Loquate in Latin means "Speak!"

Today Loquate is a ripple organization that touches others in ripples of intentional community building. The Smart® protocol is helping another accomplish that which they value the most for the common good.

The small group 2 hour meeting principally includes prayer for each other and shared experience around each month's rotating focus person. A much smaller 15 minute segment of each two hour small group meeting increases Smart® protocol awareness in 12 steps. The Twelve Steps of Loquate build logically from innate needs common to all mankind.

When you are the focus person, you will meet ahead of time with a trained facilitator to insure a safe sharing environment: "Sharing our stories, building our community."

The Smart® protocol lets us grow our functional domains of good that support innate needs of all those around us. By changing our self, we change the world.
