

# Greater Minong Needs Assessment

R095-ah

Your suggestions and comments are requested by [jeff@loquate.tv](mailto:jeff@loquate.tv) as conducted in February and March 2022 by informal interview of volunteers, business and civic leaders. Needs determined:

1. Community events like "Minong Summer Days" that encourage family gathering. Maybe a winter as well as summer event capitalizing on recreational activities of the North Woods.
2. Fundraising for the Senior Center to pave our parking lot.
3. An event to publicize events, encourage participation, involve organizations like churches, businesses to identify needs, provide support (volunteers, funds, communication).
4. Taking better care of our elder citizens. Housing is extremely limited. Would be nice to see a community supported senior housing complex, assistance with home maintenance, and a volunteer coordinator.
5. Life skills education on innate need satisfaction and instrumental means and work habits necessary for success.
6. Volunteerism. The life blood of any community is the vibrancy of its volunteers. There is a need to increase satisfaction of innate needs in the volunteer experience to avoid burnout and be proactive positive in life skills development, and to recognize outstanding youth and increase young volunteers.

**A sustainable approach.** By supporting the volunteer effort in our community, our community feels more connected. There is a greater draw of the outside world to the community. Corporate-contact jeff 773-621-0863.

Your survey response is requested by [jeff@loquate.tv](mailto:jeff@loquate.tv).

Do you have any other suggestions?
