Christ served only God.

This revolutionary concept, as simple as it may sound, is in fact, quite difficult to put into practice. In order to do this, we must be willing to die for our beliefs. This applies to all humanity of all faith backgrounds.

Nothing is to separate us from doing the will of God, or "That which we value the most for the common good."

Not only poverty, but death by our cross, giving up things in the world to do God's will, is solidarity with Zelensky under the flag of Ukraine!

Buying nothing from Putin's Russia, we express our intention, to use less energy and grains, to deny its war machine of cash flow,

and increase supplies, for the marginalized and vulnerable. May God's grace unite the world, in Salvific suffering. Let us free the world of nuclear tyranny by full Russian embargo, no matter our personal cost!

The Loquate X Factor, living our deepest beliefs, in harmony with all, is a best place to live/work. We express our intention of ending wars of aggression in worldwide support of basic human rights by [signing in](#) at [Loquate.tv](#)!

In God's holy name, may we win back the earth's dominion, in Spirit-centered community, by love and charity, in unity for all.

Amen.

- [Domain Theory](#). We are in a spiritual battle when it comes to usurping authority over the rightful domain of a person born in Ukraine. Spiritual combat is a fight for dominance of domains. If our goal is to make our domains functional, God always wins. Surrender to God is essential. Domain Theory intimately unveils God to us. Let us support the people of Ukraine by learning domain theory as found in the syllabus for **Loquate University of Community**. Participation learning is free. Thanks to our Sponsors.
