By [Jeff Liautaud](#)

Summary: You do not need to test in to qualify to participate in Loquate's Work Meets Faith small group program; nor do you ever test out from qualifying to participate. Called a Smart® group the only requirement is being human. Innate needs satisfy the human person if fulfilled and if thwarted lead to diminished motivation and wellbeing.

Loquate itself is a charity whose sole purpose is to bring peace on earth, one Smart® group at a time. In the process participants become happier. Scientifically proven innate needs when satisfied increase motivation and mental health.

We were built to be happy. Getting there is the hobby of every person. Therefore, Loquate is open to all people.

Imagine an iceberg slowly melting in the sea. Suddenly a large tower of ice, perhaps one of the largest breaks off the iceberg with a big whoosh. That iceberg is our ego. When our ego diminishes it does not have the outward appearance of a good thing. Not until I look at myself, when this happens to me and discover I did not need that fallen, dead ice, do I discover freedom.

Loquate is freedom to live our deepest beliefs in harmony with all mankind. That leads me to peace, happiness, and joy.

Unfortunately, I am wounded in my soul, as we all are from concupiscence of sin. I can choose the wrong path. Once far along I need great grace. I get my grace from two sources, as do you, your faith and reason.

A Loquate Smart® group focuses primarily on reason called natural law. Smart® natural law is my forte. Smart® natural law is science-based outcomes based on a process that unites all mankind. We satisfy innate needs using primary values discovered by my Charity called Loquate. At last count over 700,000 citations covered the work of Deci and Ryan on innate needs. Ryan said: "I see remarkable convergence with our work."

With your [request](#), you can do one of two things:

Choose one

- Make a member donation and obtain a syllabus of courses called Domain Theory applicable to every human being through scientific natural law proven to bring happiness, peace and joy.
- Make a general donation of \$200 which includes extended family use of syllabus courses and all Smart® group participation.
